

COVID-19 Update

Dear Valued Customers:

For the safety of our little family, our staff, our customers, and everyone else, we have decided to take additional precautionary measures due to the everchanging state of the COVID-19 outbreak.

Beginning March 23, our shop-doors and office will be closed to the public.

We are still open and available for parts, service, and repairs. Please call the shop for assistance in any of these departments and the staff will be happy to help you.

A reminder, we accept e-transfer, Visa and Mastercard, and are set up through the Luseland Credit Union for online banking. Please call the shop if you need any assistance with anything.

Thank you for your support and understanding.
